PROFESSIONAL SUMMARY

Production-focused backend engineer with 4 years of hands-on experience delivering SaaS, CRM/ERP, logistics, healthcare, e-commerce and AI-enabled systems. Strong in Laravel/PHP, FastAPI/Python, REST APIs, PostgreSQL/MySQL, Redis, Docker, queues, multi-tenancy, RBAC and secure business workflows. Experienced maintaining long-lived production systems, translating business requirements into data models and APIs, and .supporting releases through testing, debugging and production follow-up

CORE SKILLS

Backend: PHP 8, Laravel 8-12, Python, FastAPI, REST APIs, webhooks, queues, events, schedulers, authentication
Data: MySQL/MariaDB, PostgreSQL, Redis, schema design, migrations, indexing, query optimization, transactions
Architecture: SaaS, ERP/CRM, multi-tenancy, RBAC, JWT/OAuth2, audit trails, API versioning, rate limiting, third-party integrations
Delivery: Git, GitHub/GitLab, Docker, CI/CD, GitHub Actions, Linux, Nginx, production debugging
Quality: PHPUnit/Pest, Pytest, Playwright, validation, secure workflows, code review, release checks
Frontend Collaboration: React, Next.js, TypeScript, JavaScript, Tailwind CSS, API integration
AI Integrations: OpenAI-compatible APIs, LLM workflows, AI scoring, agents, SSE, provider abstraction, guardrails

PRODUCTION IMPACT

- Shipped 13 production systems across SaaS, ERP/CRM, logistics, hiring, education, healthcare and e-commerce.
- Contributed to 150+ live APIs used in real business operations.
- Supported a Laravel platform with a 67-permission RBAC model and zero known permission incidents during the period of work.
- Improved recurring database query performance by approximately 25% through schema refinement, targeted indexes, eager loading and Redis caching.
- Built tenant-isolated APIs, role-based workflows, integrations, background jobs and audit-sensitive business processes.

PROFESSIONAL EXPERIENCE

AI & CRM Specialist / Full-Stack Developer | Rakez Company | Dec 2025 - Present | Remote

- Build and enhance production ERP/CRM modules, secure APIs, dashboards, permissions, queues, integrations and AI-assisted workflows.
- Contribute to a Laravel platform with 150+ live APIs and a 67-permission RBAC model across sales, contracts, commissions, reporting and operations.
- Translate business requirements into database structures, API contracts, role matrices, implementation plans, tests and release-ready features.

Full-Stack Developer | Business Flow | Nov 2025 - Jan 2026 | Remote / Hybrid
• Delivered multi-tenant SaaS modules with tenant-isolated APIs, validation, RBAC, internal dashboards and reliable API contracts.
• Coordinated backend/frontend delivery, reviewed implementation quality, resolved integration issues and supported release readiness.

Backend Developer | Mermez - Creative Digital Solutions | Jan 2025 - Nov 2025 | Remote
• Built Laravel APIs, authentication, logistics workflows, tracking, reporting and multi-role operational modules.
• Improved recurring query performance by approximately 25% using schema refinement, database indexes, eager loading and Redis caching.

Freelance Full-Stack Developer / Systems Analyst | Sep 2022 - Present | Remote
• Delivered production SaaS, CRM, booking, e-commerce, logistics and AI-integrated products from requirements through deployment support.
• Owned architecture, database design, backend business logic, integrations, testing, documentation and client handover.

SELECTED PROJECTS

Rakez ERP / CRM — Laravel production platform with 150+ APIs, 67-permission RBAC, queues, reporting, contracts, commissions, integrations and AI lead scoring.

iLogistics — Laravel shipping platform with tracking, reporting, scheduled workflows, multi-role operations, Redis caching and optimized recurring queries.

HireLens AI — Laravel 12 multi-tenant hiring platform with immutable audit logs, SSE, policies, queues and tested critical workflows.

Dhura Real Estate SaaS — FastAPI + React CRM with inventory, contracts, dashboards, tenant-aware workflows and secure APIs.

EDUCATION & LANGUAGES

B.Sc. in Information Engineering — Al-Shahbaa Private University, Syria

Arabic: Native | English: Working proficiency
